Laying the foundation of excellence

Dear Parents and Students,

It is summer vacation time again, a time to relax as well as to get fruitfully occupied in various scholastic and co-scholastic areas. Keeping this in mind, we have designed interesting Projects / Assignments to be completed during the summer vacation. This would encourage in-depth learning, strengthen concepts and prepare ground for improved academic output.

It will not only enable you to recapitulate what was taught but will also help you to connect yourselves to the various learning processes. These projects will be assessed as Subject Enrichment Activity for Term I.

As parents, kindly motivate and lend support to your children and ensure that they complete the given work well-in-time and to the best of their ability. Your encouragement can actually make a huge difference to the ultimate learning outcome of these projects.

This year the Holiday Home Work Projects are in accordance with the CBSE guidelines based on the 'Art Integration'. This art-integrated approach will make our students understand the diverse Indian art and culture and will help in imbibing the Indian ethos through integration of Indian art and culture. The theme for class VI is 'Splendid and Exhilarating Festivals of Manipur'. Manipur, the Himalayan state of Eastern India is best known for the vibrant festivals held. Barely a month passes by without any festival. Several ethnic groups in the state celebrate various festivals through out the year. Festivals help in spreading happiness, joy and helps build bonds between people to express glorious heritage, culture and traditions.

Guidelines for Holiday Home Work: -

- All projects / Homework to be done as specified.
 - English, Hindi and Mathematics in one scrap book.
 - Science, Social Science and 3rd Language in another scrap book.
 - Computer Science printout in a folder.
- Work to be done neatly, creatively and relevant to the question given.
