# SUMMER HOLIDAY

# HOMELWORK

**CLASS  
VIII**

## Dear Parents and Students,

It is summer vacation time again, a time to relax as well as to get fruitfully occupied in various scholastic and co-scholastic areas. Keeping this in mind, we have designed interesting Projects / Assignments to be completed during the summer vacation. This would encourage in-depth learning, strengthen concepts and prepare ground for improved academic output.

It will not only enable you to recapitulate what was taught but will also help you to connect yourselves to the various learning processes. These projects will be assessed as Subject Enrichment Activity for Term I.

Dear parents, kindly motivate and lend support to your children and ensure that they complete the given work well in time and to the best of their ability. Your encouragement can actually make a huge difference to the ultimate learning outcome of these projects.

This year the Holiday Home Work Projects are in accordance with the CBSE guidelines based on the 'Art Integration'. This art-integrated approach will make our students understand the diverse Indian art and culture and will help in imbibing the Indian ethos through integration of Indian art and culture. The theme for class VIII is '**Mesmerizing Manipur- Art Forms**'.

The name Manipur means 'Land of Gems'. Like the other North Eastern states, Manipur is also rich in its art forms and is well known for its Manipuri dance. Among other things, Manipur is famous for its bamboo products. Breath taking locations make it a tourist's dream come true. Let us learn more about the Bejeweled Land through the different projects to be done in the summer vacation.

### Guidelines for Holiday Home Work: -

- All projects / Homework to be done as specified.
  - English and Hindi in one scrap book.
  - Mathematics, Science, Social Science, Computer Science and 3rd Language in a folder.
- Work to be done neatly, creatively and relevant to the question given.
- Parental supervision required while surfing the internet.

# MATHEMATICS

Coding and decoding of alphabets and numeric have its own beauty and importance in Mathematics. It is known as Cryptography and its experts are known as Cryptographers. The process of coding is called enciphering, and decoding is called deciphering.

Manipur, fondly called 'The Bejeweled Land', is truly one of the hidden gems of Eastern India. In order to appreciate the real beauty of art forms, the students of DPS KOLAR were taken to the Land of Treasures. The students were stunned by the various art forms and specially by the beauty, grace and coordination of classical dances. The mathematics teacher has planned to check the tour experience by making them use their Intellectual and Mathematical ability to retain this experience as a treasure in their memory.

Use the following code list to decode the message of the tour experience and check the divisibility of the code by explaining the proper rule. Submit your work in a creative folder by giving all the necessary details (name, class, section Roll number and house etc.). Decorate the cover page by using any Manipuri tribal art form.

Code	Decode (your answer )
