SYLLABUS PLANNER

SESSION 2024-25

CLASS - XI

Laying the foundation of excellence

PREFACE

"Our goals can only be reached through a vehicle of a plan, in which we must fervently believe, and upon which we must vigorously act. There is no other route to success." Success seldom happens overnight. It demands perseverance, dedication to greatness, careful planning, and the fortitude to conquer enormous challenges... At Delhi Public School, students can learn and grow to their full potential in a secured, caring, and supportive atmosphere. It delivers high-quality education that prepares children for future success by equipping them with the skills, information, and values necessary to flourish in an ever-changing world. The school works hard to offer a demanding curriculum that caters to the requirements of all students. The 'Syllabus Planner' is created to offer a precise, thorough, and transparent framework of learning objectives, course content, assignments, and other pertinent information that students need to plan their studies in order to succeed. It also establishes contact and connection between students and their mentors by stating the objectives and goals to be achieved at the end of the academic session. The planner takes into account the broad academic calendar and the dates printed with it, however, these schedules may change to meet-unavoidable circumstances.

We extend our best wishes to all the students for their upcoming academic year 2024-2025.
