LEADERSHIP LENS: THE PRINCIPAL SPEAKS

Dear Readers

It is with immense pride and heartfelt joy that I welcome all readers to the inaugural edition of our school magazine for April, May, June, and July. This publication marks a new milestone in the journey of DPS Kolar—a journey defined by discovery, growth, and unity.

Every school year brings its own beginnings and unique opportunities. Over these past months, our students have explored their potential in academics, arts, sports, and service. They have learned not only to excel, but to persevere, collaborate, and uphold the values that form the cornerstone of our community. This magazine is a vibrant showcase of those moments—talent, hard work, and creativity brought to life on each page.

Education at DPS Kolar is not simply about lessons in textbooks; it is about nurturing self-confidence, integrity, and lifelong curiosity. We believe every individual is capable of brilliance, and together as a school family, we inspire and support each other in that pursuit. Witnessing the achievements, enthusiasm, and growth of our students and staff fills me with optimism for the future.

May this edition inspire everyone in our community to reach for new heights, live with compassion, and cherish the bonds that make DPS Kolar a place of learning and belonging. Let us continue to walk together on the path of excellence and joy.

Best Wishes for a memorable and successful school year ahead!

सपने

खुलकर जिंदगी जीने का फल ,
हर समस्या का ही यह हल!!
बिना डरे जो सो सकता है,
जीत के बीज वह बो सकता है !!
खुली आंखों से जो सपने साजे ,
नींद के टूटे सपने को दे पराजय !!
रात में वह सिर्फ आंखों को बंद कर,
अपने शरीर को आराम से वह भर!!
टूटे दिन के सपने को मेहनत से सींच
खड़ा समस्याओं का वो बीच!!
हर खुशी उसकी एक तपस्या,
वो जिंदगी क्या जो बिना समस्या!!

अपनी हर हार में जो सीख देखे ,
हर जीत से जो सबक सीखे!!
भगवान में भरोसा रखकर चल,
अपने कर्मों को भगवान समझ कर हल!!
बिना फल की चिंता कर आगे बढ़ता ही

A SUMMER SUNSET

The clouds clearing up,
Trees having a straight sight,
The Sun starts to fall,
Removing all its might;

With the glimmer changing,
From silver to gold,
A scene such marvellous,
Even the flowers turn old;

Along slowness the night falling,
The owls start to roam,
Cattles end their graze,
The birds begin to go home;

The gold changes to platinum,
Shining along the lotus cup,
The lights go out,
The Moon Comes Up.

THE QUIET LESSON

One afternoon, while sitting alone under a big tree during recess, I watched the leaves gently fall to the ground. At first, I thought it was just the end of their time on the tree. But then I realized the leaves weren't really gone—they were becoming part of the earth, helping new plants grow.

It made me think that in life, endings are not always sad. Sometimes, they are beginnings in disguise. Just like the leaves, when we let go of something, we make space for new opportunities to grow. Holding on too tightly to the past can stop us from moving forward.

This quiet moment taught me that change is natural and necessary, and embracing it with an open heart can lead to unexpected growth. Life is a cycle of learning and evolving. Every challenge and every loss carries a lesson that helps us become stronger and wiser.

From that day on, I try to remember this philosophy whenever I face difficulties. It gives me hope that no matter what happens, there is always a reason and a chance to start anew.

THE IMPERATIVE OF ENVIRONMENTAL CONSERVATION FOR A SUSTAINABLE FUTURE

In the contemporary world, environmental conservation has emerged as one of the most critical global challenges. With mounting evidence of climate change, deforestation, pollution, and biodiversity loss, the urgent need to protect and sustain our natural environment cannot be overstated. The environment forms the foundation of all life on Earth; its conservation ensures the continuity of natural processes that are vital for human survival and the wellbeing of countless other species.

Environmental conservation is fundamentally about maintaining the delicate ecological balance by responsibly managing natural resources and minimizing human impact. This includes reducing waste, recycling materials, conserving water and energy, and embracing renewable sources such as solar and wind power. Sustainable development must be prioritized to meet the needs of the present without compromising the ability of future generations to meet their own.

Beyond governmental policies and international agreements, individual awareness and actions play a pivotal role. Educational institutions, especially schools, have a responsibility to instill environmental consciousness among students, who are tomorrow's decision-makers. By fostering ecological literacy and encouraging proactive behaviors such as tree planting, pollution reduction, and wildlife protection, students can contribute meaningfully to environmental stewardship.

In conclusion, environmental conservation is indispensable for securing a sustainable future. It demands collective action—governmental, community-based, and individual—to safeguard natural habitats, mitigate environmental degradation, and promote harmony between human activities and nature. Only through such sustained efforts can we ensure that the Earth remains a vibrant and life-supporting home for generations to come.

स्वच्छंदता के नाम पर भटकती नई पीढ़ी

आज की युवा पीढ़ी ऊर्जा, उत्साह और अपार संभावनाओं का प्रतीक है। तकनीकी विकास, वैश्विक संस्कृति और आधुनिकता ने युवाओं को नए विचारों से जोड़ दिया है। लेकिन यही आधुनिकता कई बार स्वच्छंदता के नाम पर उन्हें गलत राह की ओर भी मोड़ देती है।

स्वतंत्रता और स्वच्छंदता में बड़ा अंतर है। स्वतंत्रता अनुशासन, मर्यादा और जिम्मेदारी के साथ जीने की आज्ञादी है, जबकि स्वच्छंदता मनमानी करने और नियम-कायदों को तोड़ने का नाम बन चुकी है। जब युवा अपनी इच्छाओं को ही सर्वोपरि मानने लगते हैं, तब वे समाज, परिवार और अपने भविष्य की जिम्मेदारियों से भटक जाते हैं।

आज इंटरनेट और सोशल मीडिया ने युवाओं को नई दिशाएँ दी हैं, लेकिन साथ ही कई बार ये उन्हें आभासी दुनिया में खो जाने पर मजबूर भी कर देती हैं। देर रात तक जागना, नशे की ओर आकर्षित होना, शिक्षा में लापरवाही और परिवार से दूरी बनाना – ये सब भटकाव के रूप हैं।

जरूरत इस बात की है कि युवाओं को सही मार्गदर्शन मिले। परिवार, शिक्षक और समाज को यह समझना होगा कि युवाओं की ऊर्जा को सकारात्मक दिशा में मोड़ना ही सच्ची स्वतंत्रता है। जब वे अपने सपनों को अनुशासन और मेहनत से पूरा करेंगे, तभी वे देश का भविष्य संवार पाएंगे।

अतः यह कहना गलत न होगा कि नई पीढ़ी को स्वच्छंदता नहीं, बल्कि जिम्मेदार स्वतंत्रता की आवश्यकता है। यही संतुलन उन्हें सफलता और संतोष की राह पर ले जाएगा। - **नंदिका यादव, कक्षा - XII-E**

हमारा देश – हमारी भाषा

हमारा देश भारत बहुत बड़ा और सुंदर है। यहाँ अलग - अलग धर्म और जाति के लोग रहते हैं। सबकी अपनी-अपनी बोली और रीति-रिवाज हैं। इन सबके बीच हिंदी भाषा हमें जोड़ती है। हिंदी हमारी सबसे मुख्य भाषा है। इससे हम एक-दूसरे से आसानी से बात कर सकते हैं। हमें अपनी भाषा से प्यार करना चाहिए। जो देश अपनी भाषा को मान देता है, वही आगे बढ़ता है। हमें गर्व है कि हिंदी हमारी मातृभाषा है।

किसी ने क्या खूब कहा है-
"देश हमारा फूलों जैसा,
भाषा इसकी खुशबू जैसी।
हिंदी से बढ़ती पहचान,
मिलकर बोले सारा जहान।"

इसलिए हमें हिंदी बोलनी और सीखनी चाहिए, ताकि हमारा देश और मज़बूत बने।

हमारा देश – हमारी भाषा

यह उन दिनों की बात है जब डॉ. ए.पी.जे. अब्दुल कलाम भारतीय अंतरिक्ष अनुसंधान संगठन (ISRO) में काम कर रहे थे। 1979 में उनका पहला बड़ा मिशन — "सैटेलाइट लॉन्च व्हीकल" — तैयार था। कलाम उस प्रोजेक्ट के डायरेक्टर थे। महीनों की मेहनत और सैकड़ों इंजीनियरों के प्रयास के बाद, रॉकेट को प्रक्षेपण स्थल पर लाया गया।

लॉन्च का समय आया। पूरे देश की निगाहें इस मिशन पर थीं। गिनती पूरी हुई, रॉकेट आसमान में उड़ा... लेकिन कुछ ही मिनटों में तकनीकी गड़बड़ी के कारण सैटेलाइट कक्षा में नहीं पहुँच पाया। यह मिशन असफल हो गया।

अगले दिन प्रेस कॉन्फ्रेंस में देश के सारे बड़े अखबार और टीवी चैनल मौजूद थे। कलाम सोच रहे थे कि यह असफलता उन्हें ही समझानी पड़ेगी। लेकिन तभी ISRO के चेयरमैन प्रो. सतीश धवन आगे बढ़े और पूरी जिम्मेदारी अपने ऊपर ले ली। उन्होंने कहा,

"यह हमारी टीम की गलती नहीं, बल्कि नेतृत्व की जिम्मेदारी है।"

कलाम यह देखकर दंग रह गए। उसी साल, कुछ महीनों बाद, अगला प्रक्षेपण हुआ और वह पूरी तरह सफल रहा। इस बार प्रेस कॉन्फ्रेंस में सतीश धवन ने कलाम को आगे आने और सफलता का श्रेय लेने के लिए कहा।

कलाम ने बाद में लिखा —

"नेतृत्व का मतलब है असफलता की जिम्मेदारी खुद लेना और सफलता का श्रेय अपनी टीम को देना।"

यह घटना उनके जीवन भर के नेतृत्व के सिद्धांत की नींव बन गई।
